

# Site Inspection/ Request Form – Ribble Valley Parishes

## Simonstone Loc 1

Road	<b>Intersection of Trapp Lane &amp; Whins Lane</b>	Road No	
Location/ Village	<b>Simonstone</b>	Parish	<b>Simonstone</b>
Grid ref/coords (googlemaps) or what3words	<b>composts.mainland.wardrobe to ///uncouth.hippy.chuck</b>		
Details of request	<p>Several collisions have occurred at this intersection. Previous attempts to install a traffic safety mirror on a nearby wall to assist people crossing from Whins Lane have been rejected by landowners, however there are fresh attempts to engage with landowners to make this happen.</p> <p style="background-color: yellow;"><b>Action here: Increase road signage on Trapp Lane, especially between the Higher Trapp and the junction</b></p> <p>Assistance with additional signage from LCC would be welcome and most helpful. This could be warning motorists of their approach to the junction.</p> <ol style="list-style-type: none"> <li><b>1. HAZARDS SIGNAGE</b> Roundels reminding people they can do 60 won't help, so we need to focus on hazards signage (potential for livestock and agricultural vehicles in the lane, also warning of people and horses).</li> <li><b>2. JUNCTION WARNING</b> Between Higher Trapp, the junction, and the lower end of Trapp Lane on its approach to the junction - We need signage to warn motorists they are approaching a dangerous junction. The slow sign on the road gets missed when the trees are overgrown or the lane is dark.</li> </ol>		
Additional comments (site specific)	Parish Council and local borough councillor are trying to get local landowner and leaseholders to agree to put a safety mirror in place to assist motorists on Whins Lane being able to see the traffic approaching on Trapp Lane. However, it would be beneficial to take steps to slow the traffic down before it reaches the junction in the first place to give the crossroads traffic a chance to see it in the mirror.
